

PROJECT BG05M2OP001-1.001-0004

UNIVERSITIES FOR SCIENCE, INFORMATICS AND TECHNOLOGIES
IN THE E-SOCIETY (UNITE)

UNITE – Overview

Prof. Krassen Stefanov
project coordinator

4 June 2024

EUROPEAN UNION
European Regional Development Fund

Project BG05M2OP001-1.001-0004 is funded by Operational Program Science and Education for Smart Growth (OP SESG), co-funded by European Regional Development Fund.

OPERATIONAL PROGRAMME
**SCIENCE AND EDUCATION
FOR SMART GROWTH**

Beneficiaries

- Sofia University St. Kliment Ohridski (SU) – coordinating institution
- Technical University Sofia (TU)
- Russe University “Angel Kanchev” (RU)
- Shumen University “Bishop Konstantin of Preslav” (ShU)
- Burgas University “Prof. Dr. Assen Zlatarov” (BU)

EUROPEAN UNION
European Regional Development Fund

OPERATIONAL PROGRAMME
SCIENCE AND EDUCATION
FOR SMART GROWTH

UNITE phase 1

Total budget:

- 29 781 882.42 BGN., out of which:
 - 85.00 % EU co-funding: 25 314 600.06 BGN.
 - 15.00 % national co-funding: 4 467 282.36 BGN.

Project Start date:

- 28 February 2018

Project End date:

- 31 December 2023

To establish the
first in Bulgaria

Centre of
Excellence

of the type:
Distributed
Research
Infrastructure

• Russe University "Angel Kanchev"

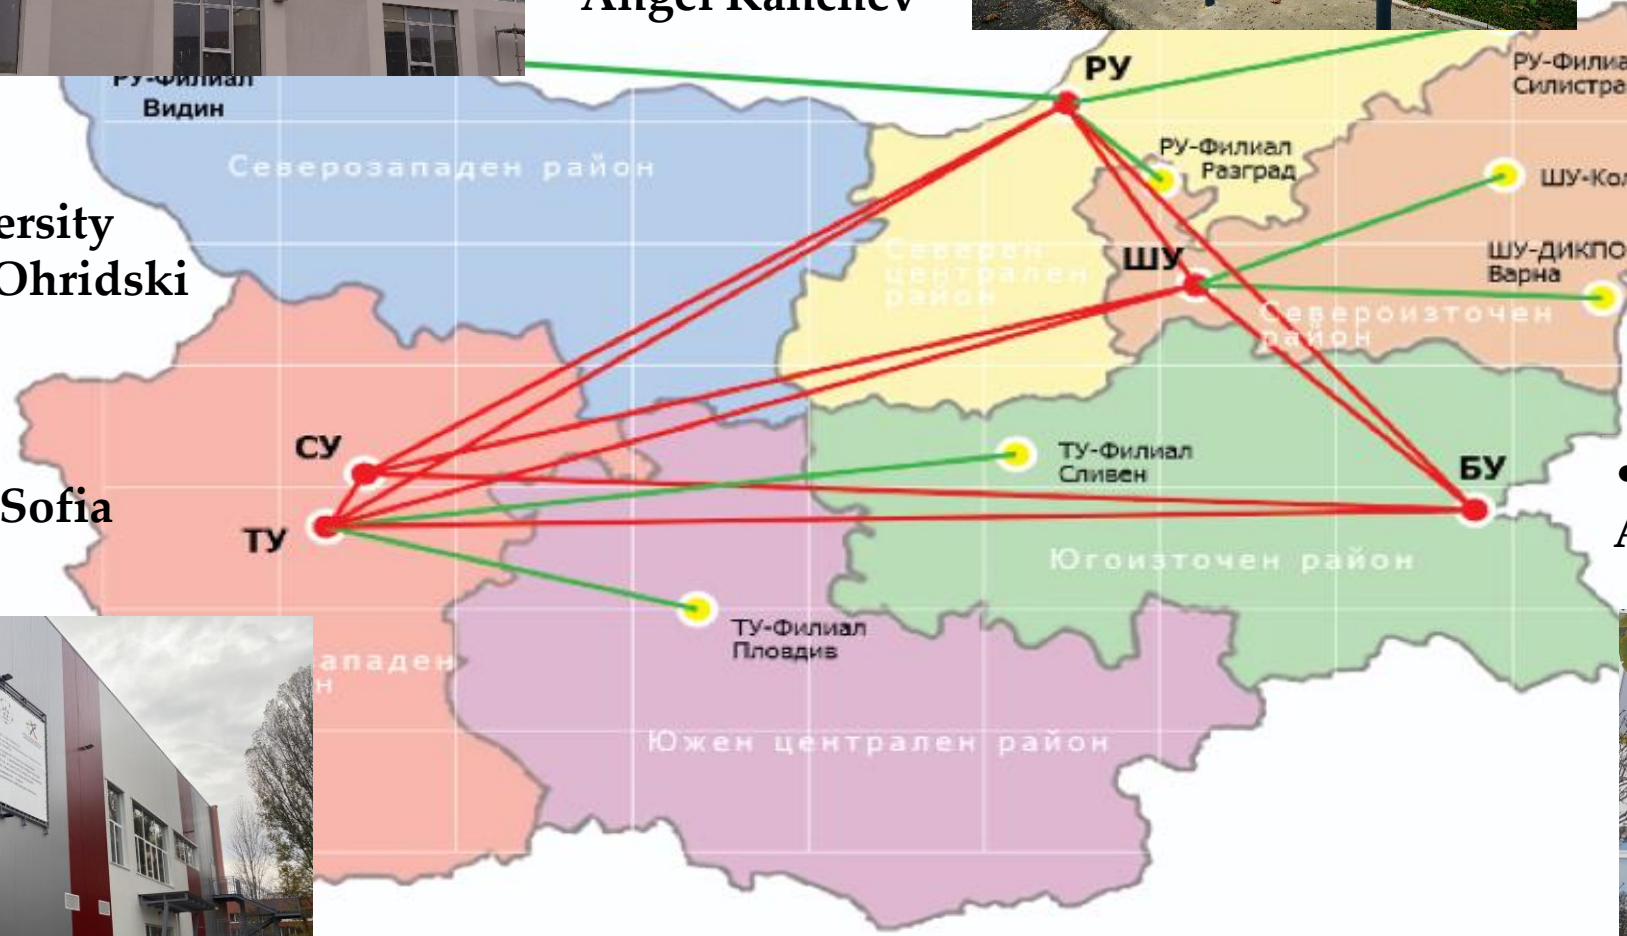

• Shoumen University "Bishop Konstantin Preslavski"

• Sofia University St. Kliment Ohridski

• Technical University - Sofia

• University "Prof. Dr. Assen Zlatarov", Bourgas

UNITE Infrastructure

- **SU:** IoT Labs, Open Data and Citizen Services, Smart Cities, Data Science, a heterogeneous cluster for high-performance big data computing; terminal equipment for connections to UNITE computing cluster, and to computing clusters accessible through GEANT
- **TU:** Data centre with a high performance server and workstations, specialized equipment for Software Defined Radio, measurement antennas (EMP), vector analyzer, spectrum analyzer

UNITE Infrastructure

- **BU:** Real-Time Labs and Embedded Systems, Prototype Lab and Real-Time Environmental Control
- **RU:** Labs in serious games, simulations, digitalization and 3D scanning
- **ShU:** Steganological protection of information in networks, Cryptological protection of communications

Structure of the activities in the UNITE project

Activities described in the project that are funded and are subject to reporting

Activity 2 Communication and Publicity	Activity 1 Organisation and Management		Activity 3 Independent and External Audit
	Activity 4 Establishment and Modernisation of the Infrastructure	Activity 5 Purchasing and Modernization of the Equipment	
	Activity 6 Dissemination of the Research Results	Activity 7 Carrying our Research Activities	
	Activity 9 Scientific Partnerships and Participation in Research Networks	Activity 10 Specialisation, Exchange and Mobility of Researchers	
	Activity 8 Development of Sustainable Working Conditions, Sources of Financing and Partnerships, Joint Projects with Business and Private Investors

OPERATIONAL PROGRAMME
SCIENCE AND EDUCATION
FOR SMART GROWTH

Research Work Packages

- WP 1:** The Infrastructure as a Big Data service
- WP 2:** Software Services for Big Data
- WP 3:** Innovative Math Methods and Models in the Digital World
- WP 4:** Big Data Analyses in a real time and virtualization of systems
- WP 5:** Visual Search, Image Recognition and 3D Printing
- WP 6:** Cyber-physical intelligent systems
- WP 7:** Smart and Sustainable Cities
- WP 8:** Factories of the Future
- WP 9:** Big Data in Natural Sciences

OPERATIONAL PROGRAMME
SCIENCE AND EDUCATION
FOR SMART GROWTH

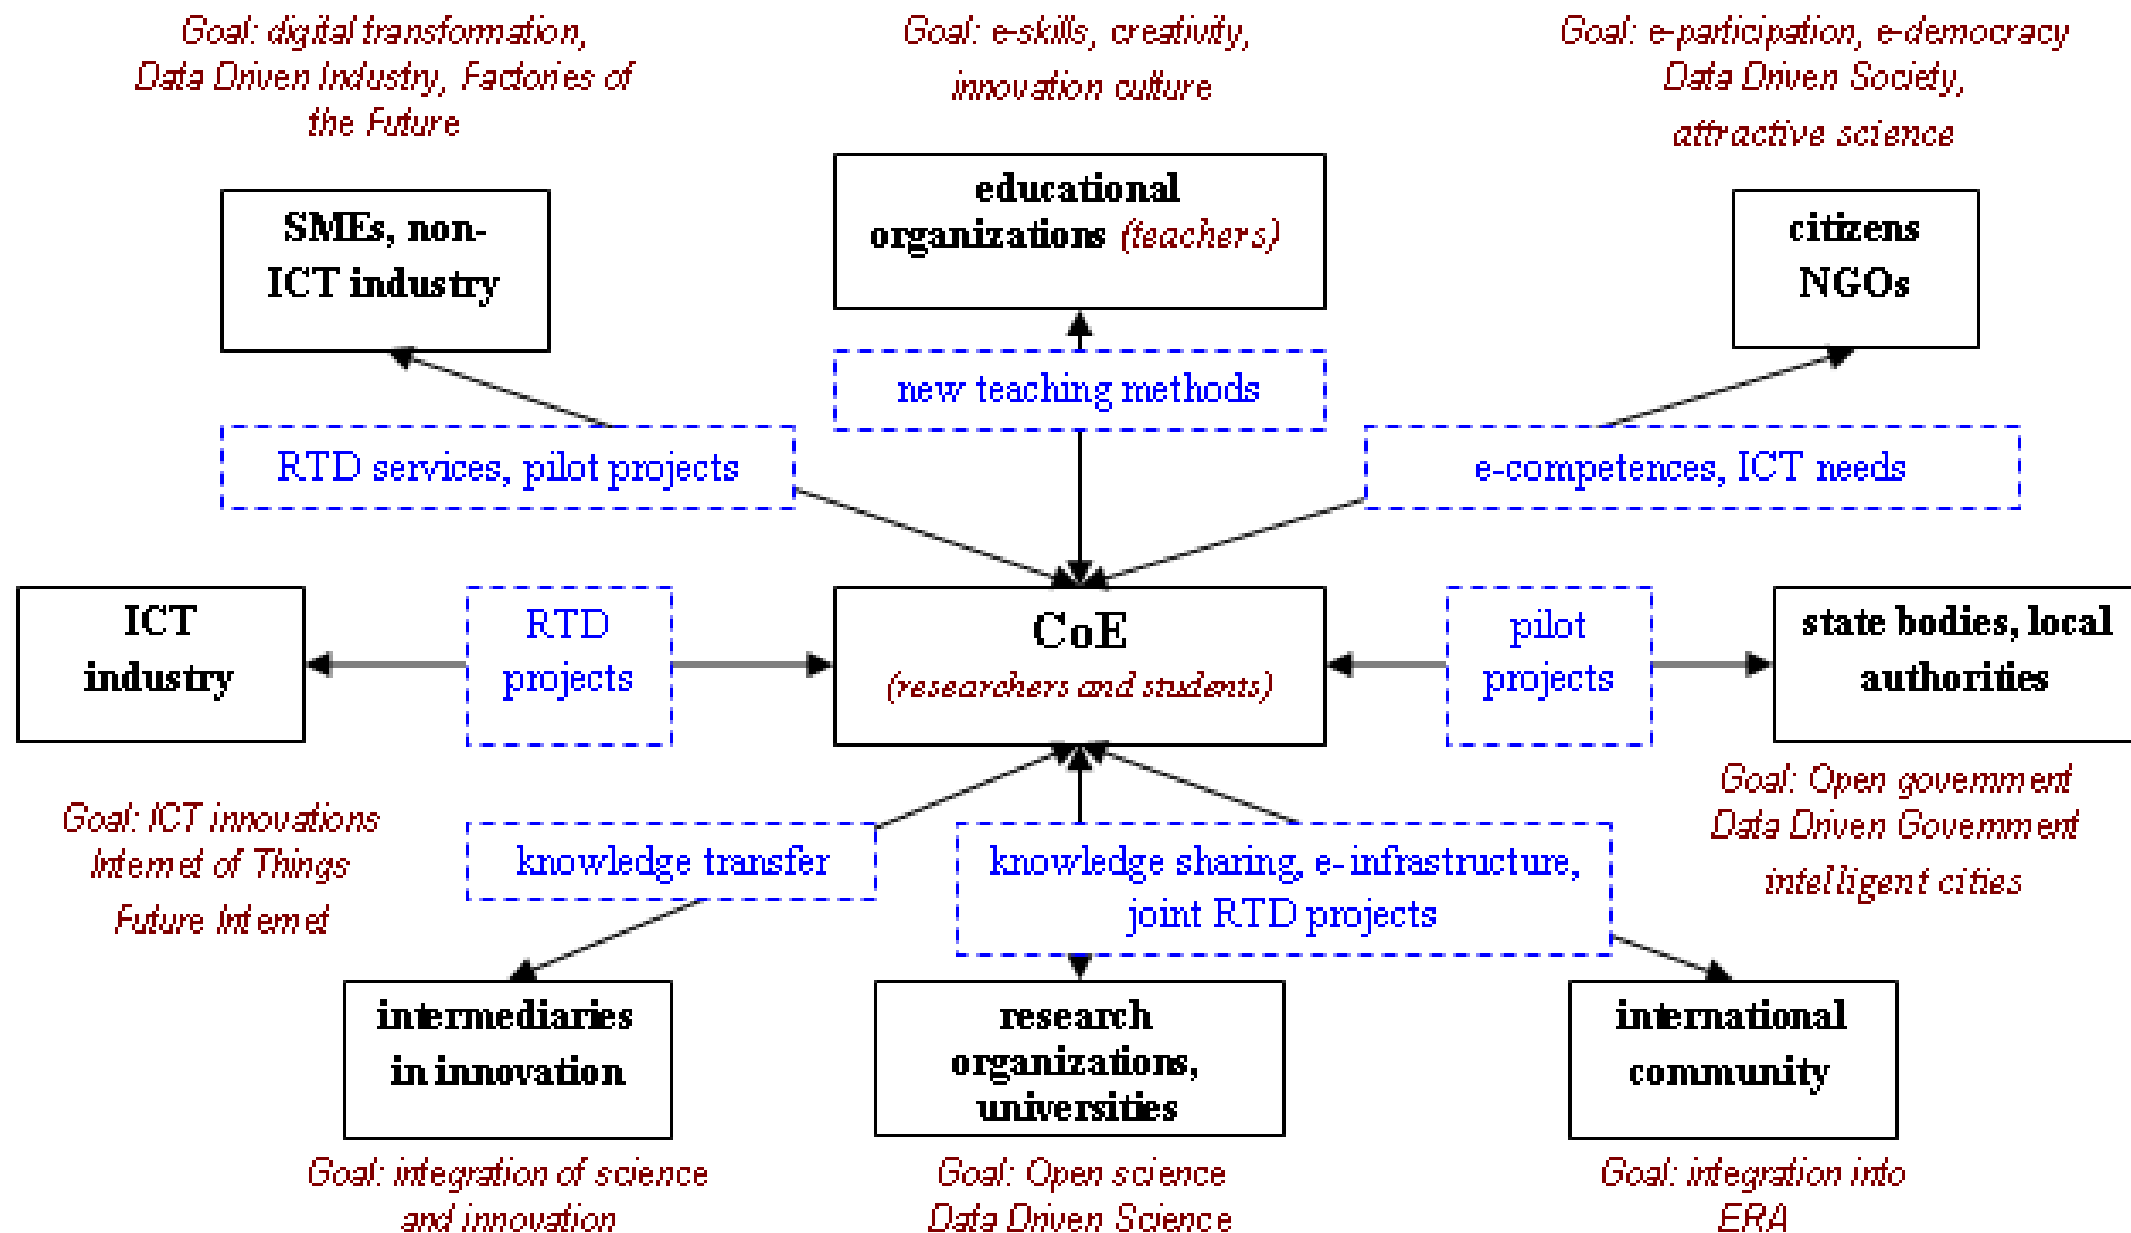

Successful International cooperation

- Participation in **the international network EuroCC** (33 countries with Germany as coordinator) within the **national Centre of Competence in HPC/HPDA/AI** (High Performance Computing, Big Data, Artificial Intelligence), jointly with the CoE IICT-BAS and the CoC -UNWE
- Established RDA node Bulgaria and participation in the **international network RDA Europe 4**
- Member of **EOSC - Association** network
- **Lead partner in EUMaster4HPC - European Master Programme in HPC: Training and Education on High Performance Computing (H2020-JTI-EuroHPC-2020-03)**

Networking of CoE UNITE

Impact: Contribute for Knowledge Society and Digital Market in Bulgaria

- Strengthening science capacity in Informatics and ICT and for **Open Science**
- Expanding the innovation potential of the ICT industry and support for **Open Innovation**
- Strengthening the ICT Innovation Eco System

- Raising the quality of ICT training and improving **e-competences**
- Digital transformation and ICT penetration in SMEs (**e-business**)
- Creating conditions for the development of **Industry 4.0/5.0**
- Enhancing **e-governance** and **e-democracy** capabilities
- Smart governance in municipalities and better quality of life (**smart cities**)

Project Contributions for Knowledge Society and Digital Market in Bulgaria

- Strengthening science capacity in Informatics and ICT and for Open Science
- Expand the innovation potential of the ICT industry and support Open Innovation
- Strengthening the National ICT Innovation System
- Increase the quality of ICT training and improve e-competences of citizens
- Digitalise the economy and accelerate ICT penetration in SMEs (e-business)
- Creating conditions for the development of Industry 4.0
- Enhancing e-governance and e-democracy capabilities of the administration
- Smart governance in localities and better quality of life (smart cities)

Indicators for the implementation of the UNITE project

- Mandatory with restriction of default, which are laid down in the administrative agreement

Indicator	Plan	Result
New Researchers	23	30 (121)
Researchers who are working in the improved infrastructure	33 (35)	66 (78)

Indicators for the implementation of the UNITE project

Indicator	Plan	Result
Young Researchers up to 34 years old	9	10
Leading Researchers – seminars held	5	8
PhD Students	9	9
Scientists attracted from abroad	3	5
Trained scientists through mobility and collaboration	20	26

Indicators for the implementation of the UNITe project

Indicator	Plan	Result
Publications - first 10% WoS	8,28%	9,34%
Given Reports at International Conferences	402	350
Participation in EU projects, COST	30	27
Developed and acquired intellectual property rights	3	4
Joint Projects with the business	10	12
Newly built infrastructure complexes	1	1
